1 Open up a web browser and go to https://volume.itunes.apple.com/us/store

2 Use the search box and search for an app that you'd like installed on the iPads.

3 Click on the name of the app and verify it is a free app (See highlighted yellow section):
4 Verify that the app is Device Assignable (<mark>See highlighted yellow section</mark>):

Pages
By Apple

`Essentials`

Description

Pages is the most beautiful word processor you've ever seen on a mobile device. Start with an Apple-designed template to instantly create gorgeous reports, digital books, resumes, posters and more. Or use a blank document and create your own design. Easily add images, movies, charts and shapes. You can even draw and annotate using

Apple Web Site ▸   Pages Support ▸   Application License Agreement ▸   ...More

What's New in Version 4.1

· Easily record, edit, and play audio directly on a page.
· Smart annotation marks now stretch and wrap to follow your text as you edit.
· Quickly switch between drawing and smart annotation modes on iPad.

                                                                                                   ...More
